## Carroll County Ferst Foundation for Childhood Literacy

*"What if a single contribution could not only impact the life of a child but also make our community a better place as that child becomes an adult?"*

Sponsor a child; sponsor a group of children. Funds raised are used to provide FREE, new, quality, age-appropriate books for registered children in our county between the ages of 0-5. Each child gets the joy of receiving a book in the mail each month! These books are available for ALL children in Carroll County regardless of race, religion, or financial need. While we provide these books for FREE to children, the cost is \$40 per child per year!

### **Financial Contributions:**
